

Two Thumbs Up:

The Best Reviewed Movie Genres

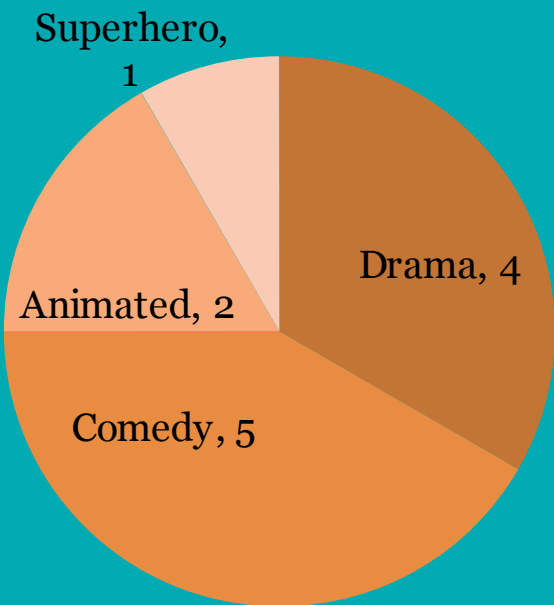

ADMIT ONE

Certain genres of movies tend to yield better reviews from the elite film critics who write about them. What film genres are more praised by these top critics?

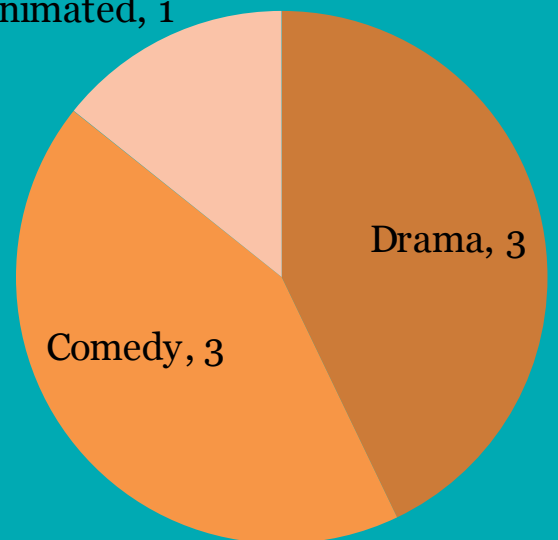

Methods of Collection:

My sample included seven reviews of films that have received overall critical acclaim, seven films that were panned by critics, six reviews of films from niche reviewers (writers at school newspapers and Christian media), and five reviews selected at random.
